

Who can be an Honor Basket Sponsor?

Honor baskets are a unique team building experience to support an American Cancer Society event & help us to

Save Lives, Celebrate Lives & Lead the Fight for a World Without Cancer.

A company, group or individual can participate by agreeing to fill an Honor Basket with items that are centered around a suggested theme or a theme of your choosing, to honor someone you know who has been touched by cancer.

These baskets will be featured as part of the Silent Auction at the 2018 American Cancer Society Live Dinner Show that will be taking place on September 22nd, 2018 at the Hilton El Conquistador.

COMMITMENT:

- Select a package theme from the list provided, or create your own. Sponsors can select their Honor basket concept from their employees' suggestions, in honor or memory of a coworker or the concept can reflect their organization.

The company can affix its logo and a list of team members and who they are honoring, somewhere on the Honor Basket along with its contents. (Value should be at least \$300.)
- You design your basket however you choose. Go nuts, have a little fun! Don't feel that creative? Drop off the items and let us do the rest! (*photo examples provided*)
- Deliver package to the American Cancer Society office by August 1, 2018 or call 520-357-1457 to arrange pick up.

The American Cancer Society

As the largest voluntary health organization in the United States, the American Cancer Society is passionately committed to saving lives from cancer. We're working to create a world with less cancer and more birthdays – a world where cancer never steals another year from anyone's life. We combine our relentless passion with the wisdom of more than a century of experience to make this vision a reality, and we get results. Thanks, in part to this work, more than 14.5 million cancer survivors – and countless others who have avoided the disease – will celebrate another birthday this year.

The American Cancer Society is the largest, private not-for-profit funder of cancer research in the US, having played a role in nearly every major cancer research breakthrough in recent history. Our own research and that of our funded researchers has helped confirm the link between cigarette smoking and lung cancer, establish the link between obesity and multiple cancers, develop drugs to treat leukemia and advanced breast cancer, and show that mammography is the most effective way to detect breast cancer. The American Cancer Society is currently funding seven researchers at the University of Arizona for a total of \$5,366,500 in multi-year grants.

Together with our millions of supporters, the American Cancer Society saves lives, celebrates lives and leads the fight for a world without cancer.
